Per Trustee Roti's email committee asked what has been done with employees that were seen in the washroom laying down and then just standing outside of the washroom. Along with another employee who was being talked to by another employee in a not so kind fashion. It was noted these issues are and will be taken care of. It was asked if write ups or progressive discipline can be done. Yes, write up's have happened in the past and will continue.

It was also noted of getting a timeclock so staff has to physically punch in and punch out. This is also being reviewed and researched.

Committee was wondering about Christian Hills Project and where we were at with the contractor. Village Administrator O'Neill noted we are on schedule for work to continue on Monday, May 18th.

Committee asked for an update on the Splash Pad. It was noted the deed and title had to be cleaned up which has taken some time along with the review of the topo. The goal is to hopefully have a concept plan in July.
